

# SHOWCASE SLOTS

April 24, 2006

Attn: City of Las Vegas Planning & Development

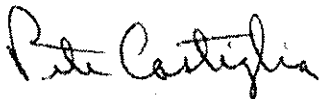

Showcase Slots is requesting the approval of a special use permit for: parcel #16205818002, C2 C-1, CGP SC; 2600 West Sahara, Ste 103.

This location will be used for the retail sales of refurbished slot machines for home-use purposes. Additionally, new merchandise such as poker chips, chip cases, playing cards, dice, blackjack/craps/roulette supplies, gameroom signs, tables, Las Vegas Souvenirs, and arcade game machines will be offered for sale.

The location at 2600 West Sahara Ste 103, represents a new additional location for Showcase Slots. Showcase Slots has been in business since 1997 and currently has two retail locations in Clark County: 4305 Dean Martin Drive, and The Desert Passage Shops at the Aladdin Hotel & Casino.

In addition to our business license at these Clark County retail locations, we also hold second hand dealers license for both locations. And, of course, by virtue of the fact that we sell gaming equipment, we have held approved Distributors Licenses by the Nevada State Gaming Control Board and Commission since 1997.

Sincerely,

Pete Castiglia  
President
